

Though She Be But Little, She Is Fierce

The piece has its inspiration from a very tragic event that took place in November 2014. One of my closest friends died suddenly and very unexpectedly. She was a young and promising dancer and I have created a solo piece dedicated to her memory. Dance was a natural part of her life and I'll never forget the first time I saw her dance on a stage. Her stage expression was completely unique and I have heard a friend say: "When she was on a stage, although she was a tiny girl, not even the tallest could outshine her". I want to show a glimpse of her to an audience that has never seen or heard of her.

Our world lost a talented dancer who had a wonderful dance career ahead of her. I have created a piece that she can see from heaven where I think she is dancing with the angels.
